Topics of the day were earnestly discussed over the amber. Jokes were bandied back and forth and the slogan of the Bartenders' Union, "What's the pleasure, gents?" penetrated the buzz of human voices that imposed a handicap upon the white aproned glass-grab and caretaker of the facet from which all sorts of highly colored stories flowed.

A near riot ensued when a flashily dressed stein-holder in the street of tones chartered thusly, "Hello, Grab-iowski." There was one grand rush for the wide expanse of mahogany on which so many arms are elbowed and everybody was looking for the booblet who flashed the S. O. S., which, when deciphered in bar-room talk, was "grab a whisky;" but there was nothing doing. An alarm was tried in with no fire in sight. An investigation of the upheaval revealed the fact that Newport's new pitcher by the name of Grab-iowski stalked like the Yellow Front Cafe, round a corner, and met an old friend, who stung him so effectively. Peace was quickly restored in the thirst quenching nation. The guy with the name that resembles the nerve tingling juice was soon banished from the scene of disappointment.

The Death Angel visited the home of Mr. Samuel Hill and took from it their little son, Clyde Gow, age about 3 years. The little fellow was going to where some ladies were fishing in a small stream near by, and did not find them. He was playing along the branch when in some manner he fell over the bank into the water and later on they found him, but it was too late to save his life. The funeral services were held at Salem. We extend our sympathy to the bereaved parents.

**HOW ELECTRICITY IS TRANSMITTED.**

When an electric current flows through a conductor, it is not sent or pushed through like a fluid in a pipe, but is rather handed on from particle to particle. In other words, it is a transfer of electrical energy which can be illustrated by setting up a row of rubber balls tangent to each other.

Now, if we strike these balls at one end the energy will be transferred from ball to ball and can be utilized at the other. Here we had no actual flow, and yet the energy was transferred from one end to the other.

The basic units which we use are the unit of the rate of flow, or ampere, the unit of electrical pressure, or volt, and the unit of resistance to flow, or the ohm.—Norman Read in June Aera.

**TWO WOMEN AVOID OPERATIONS**

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.

**CHRISTIANITY AND SUFFRAGE**

Hear Rev. I. J. Spencer Tomorrow Night at the Christian Church.

A theory so often advanced by anti-suffragists is that granting the franchise to woman will work towards a lowering of moral standards and the destruction of the sanctity of the home.

Those who conscientiously entertain such fears will doubtless take advantage of the opportunity to hear Rev. I. J. Spencer speak at the Christian Church Friday, May 15th at 8 p.m. on Christianity and Woman's Suffrage.

Mr. Spencer is well-known throughout the State as the pastor for the last twenty years of the Central Christian Church of Lexington.

In recognition of marked ability in his field of work many positions of trust and honor have come to him. Among these may be mentioned the following: President of American Christian Missionary Society, Editor of the Missionary Weekly, member of the Foreign Christian Missionary Society, curator of Transylvania University, and trustee of Hamilton College.

An announcement of an address by him always insures a large audience and it is expected Friday will prove no exception.

Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition."—Mrs. J. W. SHERER, 126 Cass St., Dayton, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Fully Complied With—A Maysville Resident Furnished It.

There are few items which appear in this paper more important to Maysville people than the statement published below. In the first place, it is from a citizen of Maysville and can be thoroughly relied upon. In the second place it indisputably proves that Doan's Kidney Pills do their work thoroughly and not temporarily. Read this carefully: Frederick Dresel, 1238 E. Second St., Maysville, Ky., says: "I was troubled with inflammation of the bladder and annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back which interfered with my duties. When a friend advised me to try Doan's Kidney Pills, I got a box at Wood & Son's Drug Store. Since using them I have had no trouble. All I said about Doan's Kidney Pills before, still holds good."
